

At HDAI, we coordinate and manage **ALL** aspects of construction, so that the client can concentrate on their business without the daily distractions that come with the involvement of a construction project.

We thank you in advance for taking the time to learn about HDAI Construction. If you have a project you would like to discuss with us, please contact us for more information. We invite you to visit our website for additional photos and company information.

We look forward to speaking with you soon!

*"The biggest enemy of the best is good. If you are satisfied with what is good, you will never have what is best."*

**HDAI CONSTRUCTION**

## OUR FIRM

HDAI Construction, Inc. is a fullservice construction firm, offering comprehensive services to professionally manage all aspects of construction. Our completed projects cover a wide range of the Healthcare Market including Medical and Dental Offices, Ambulatory Surgery Centers and Imaging Facilities. Other completed projects have included Shopping Centers, Retail and General Office.

We work as a “collaborative team” with our clients and architects to understand their needs and achieve their goals. No matter the size, every construction project is given our full and complete dedication to quality and excellence. It is our goal, from start to finish, for our clients to have the expectation and confidence that HDAI will fulfill their construction needs.

## TESTIMONIALS

We are very proud of the many referrals we have received from satisfied clients over the years.

“HDAI was excellent to work with and they completed the project ahead of the targeted opening date and under budget — a rare outcome in this day and age.”

- Joseph B. Bisson  
St. Francis Hospital and Medical Center

“We are extremely proud of our facility. The quality of the construction and design is obvious. I can’t imagine how anything could have been done better.”

- S. Todd Threadgill, MD  
Gastroenterology Associates and Endoscopy Center of North Mississippi

“Over the course of our professional endeavors, HDAI has proven to be a passionate, responsible, articulate technical resource and a value added member of the Project Teams of which we have proudly been a part.”

- Gary D. McCalla, Architect  
McCalla Rios, LLC

## OUR SERVICES

### Pre-Construction Services

During this phase of construction, HDAI will assist the team in Document Coordination, develop a Working Budget, investigate Value-Added Options, create a Preliminary Schedule, and initiate the Pre-Qualification of Vendors and Subcontractors.

### Construction Services

Once construction begins, HDAI will be responsible for the selection of Vendors and Subcontractors, monitor the Construction Schedule, manage the Construction Budget, implement the Safety Program and monitor the Quality Control Program.
